Mr. Glen Zumwalt, Vice President
Utah Fuel Company
P. O. Box 719
Helper, Utah 84526

Dear Mr. Zumwalt:

Re: Approval of RailRoad Loadout Sediment Pond Amendment, Coastal States Energy Corporation, Skyline Mine, ACT/007/005-92L, Folder #3, Carbon County, Utah

The Division has completed a review of your submittal dated November 2, 1992, regarding design of the sediment pond at the rail road loadout. The submittal is considered complete and adequate and is hereby approved. The information submitted is now considered part of your mining and reclamation plan. Thank you for your diligence in completing the permitting process.

You should be aware that the initial submittals received on July 22, 1991 and March 5, 1992, intended to amend the sediment pond, have been denied. Those submittals were tracked as Amendment 91G.

Please call if you have any questions.

Sincerely,

Daron R. Haddock
Permit Supervisor
