Dear Mr. Haddock,

Enclosed are 14 copies of map No. 3.2.1-1 to amend our approved M&RP. This amendment is to modify the entrance portal No. 2 of Mine No. 1. The purpose of this modified entrance is to enhance the ventilation of the mine by providing a second intake for the mine fan. This modification will not result in any additional disturbance or change the drainage pattern in the area. It is estimated that the cost for removal of this structure will be approximately \$12,000. This modification also removes the proposed emulsion storage area in front of Portal No. 3. We have sufficient excess bonding to adequately cover the additional reclamation costs.

If you need any additional information, please contact Keith Zobell at 801-637-7925.

Sincerely,

Glen A. Zumwalt
