Daron Haddock, Permit Supervisor
Division of Oil, Gas and Mining
355 West North Temple
3 Triad Center, Suite 350
Salt Lake City, Utah 84180-1203

Dear Mr. ^{Daron}Haddock:

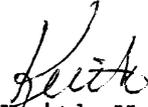

I appreciated the opportunity to talk with you on the telephone today concerning the addition of gabion baskets at the base of the fill slope on the permit expansion at the railroad loadout area.

As agreed, we will include these gabion baskets in our slope stability analysis and add them to our surface facility as built map.

These gabion baskets will help insure the stability of the slope and give added protection to prevent accidental spills from leaving the permit area.

I appreciate your assistance with this change.

Sincerely,

Keith W. Zobell
Environmental Engineer
