Dear Mr. Haddock:

RE: MODIFICATION TO SKYLINE SUBSIDENCE MITIGATION PLAN

Enclosed are DOGM forms, C1 and C2, and three copies of revised M&RP pages 4-95 and 4-95(a). The proposed changes are submitted in accordance with instructions received from the Division in correspondence dated September 27, 1993, and in compliance with conditions stated in Section 4-17, Page 4-97, of the approved M&RP.

The mitigation changes have been extracted from an agreement with the Manti-LaSal Forest Service office. This agreement is part of the Forest Service Environmental Assessment, dated May, 1993. The Division had opportunity to comment on the mitigation measures during the EA approval process.

Please contact Keith Welch if you need additional information.

Sincerely,
