Dear Mr. Zumwalt:

Re: Completion of Division Orders 92C and 92D, Coastal States Energy Company,
Skyline Mine, ACT/007/005, Folder #3, Carbon County, Utah

Your submittal received at the Division on March 19, 1993 has completed your requirements under Division Orders #92C and #92D. The plans submitted are approved and are now considered part of your Mining and Reclamation Plan. You should ensure that your MRP (red volume) is updated accordingly.

With this submittal the deficiencies noted in your permit renewal review have all been addressed and the renewal process is completed. However, you should be aware of your commitment to supply land use information by May 3, 1993.

Thank you for your cooperation in resolving these issues. Please call if you have any questions.

Sincerely,

A handwritten signature in cursive script that reads "Daron R. Haddock".
