Dear Mr. Zumwalt:

Re: Approval of Conveyor Cover Amendment, Coastal States Energy Company, Skyline Mine, ACT/007/005-93B, Folder #3, Carbon County, Utah

The submittal received on April 15, 1993, regarding the above noted permitting action was reviewed and found to be complete and adequate by Paul Baker, Reclamation Specialist, of the Division's technical staff. The Division hereby approves the submitted plans and will incorporate them into your approved Mining and Reclamation Plan.

Although you are approved to leave a few of the side panels off of your conveyor cover, this is not a license to leave off an unlimited number of panels. You should insure that as many panels remain intact as possible particularly those on the side nearest the road. Only those panels necessary for maintenance and inspection are authorized to be left off.

Please call if you have any questions.

Sincerely,

A handwritten signature in cursive script that reads "Daron R. Haddock".
