Dear Mr. Haddock,

Enclosed are 3 copies of Pages 3-18a, 4-39, 4-39a, new engineering calculations for the slope stability analysis for the fill on the sedimentation pond (Section 1, Vol. 5), new calculations for ditch designs (Section 14, Vol. 5) and sizing of the sediment pond (Section 15, Vol. 5). This new information has been generated in cooperation with Steve Johnson and Wayne Western of your staff. We have also enclosed for your information a page from the draft of our proposed new NPDES discharge permit which includes the outfall from the sedimentation pond at the Waste Rock site.

We appreciate your prompt review of this recertification submittal for the Waste Rock site. If you need any additional information please contact Keith Zobell.

Sincerely,
