Re: Completion of Division Order 92E, Coastal States Energy Company, Skyline Mine, ACT/007/005, Folder #3, Carbon County, Utah

Dear Mr. Payne:

Although Division Order 92E was addressed quite some time ago, our files need to be closed off in this regard. Division Order 92E is hereby considered completed. The information provided on ditch design at the waste rock disposal site is now part of your Mining and Reclamation Plan.

You should be aware that completion of Division Order 92E does not constitute approval of any of the Waste Rock Expansion Project. We are still processing your application to expand the Waste Rock Disposal Site, and still are awaiting a response to deficiencies in that application identified last October.

Thank you for your cooperation in completing this Order. Please call if you have any questions.

Sincerely,

A handwritten signature in cursive script that reads "Daron R. Haddock".
