RE: Historical Water Quality Laboratory Sheets for Skyline and SUFCO Mines

Dear Mr. Wyatt:

*ACT/1007/005 #7*

Transmitted herewith are our original laboratory analysis sheets for all available water monitoring from 1981 through 1993 for the Skyline Mine and from 1982 through 1993 for the SUFCO Mine. We understand that you need these sheets to expedite the inputting of monitoring data into your data base, and that once this has been accomplished the sheets will be returned to us. Since these are our only copies of these sheets we respectfully request that these files be kept together and it is essential for our records that they be returned to us as soon as possible.

Very truly yours,

Barry Barnum
