Dear Mr. Demzack:

Enclosed is Application for Permit Processing forms C1 and C2 for the permit amendment and seven copies of the map Dwg. No. 3.2.1-1 and road cross section Figure 3.2.8-B. This amendment is being requested to widen the existing Mine No. 3 portal road where it cross over the overland conveyor. Currently, the vehicles must either back up the road or down the road to pass each other. This is awkward for vehicles to back in either direction when towing trailers, whether the trailers are full or empty. The road needs to be widened to improve vehicle safety.

Call Gary Taylor (435)448-2620 of my staff if you have any questions or require additional information.

The prompt approval of this change would be greatly appreciated.

Sincerely,

*Richard A. Meadors*
