RE: Canyon Fuel Company, LLC.
Act/007/005-97D
ASCA Areas 11, 12, and 13
Engineering Calculations Vol. 5, Sections 6 and 10

Dear Mr. Haddock:

Enclosed are seven copies of an Application for Permit Processing. Also, enclosed are forms C1 and C2 for the permit amendment to change sediment control and alternate sediment control areas 11, 12, and 13. We are changing the sediment control from straw bales to gravel. We feel that gravel will give better sediment control and require less maintenance. We have enclosed certified engineering calculations on hydrology and sedimentology for these areas.

Call Gary Taylor of my staff if you have any questions or need additional information.

The prompt approval of this change would be greatly appreciated.

Sincerely,

Dan Meadors
