Re: Extension of Ditch DD-12 at the Rail Loadout, Revised Drainage and Permit Boundary Map, Canyon Fuel Company, LLC, Skyline Mine, ACT/007/005-97G, File #2, Carbon County, Utah

Dear Mr. Meadors:

The referenced map associated with the approval of amendment 97G on September 9, 1997 is being provided for insertion into your Mining and Reclamation Plan. Seven copies of the map were received by the Price Field Office on December 16, 1997.

I'm sure there is a logical explanation as to why the amendment was approved in September and additional maps were received in December. Nonetheless, this should bring this permitting action to closure.

Thank you for submitting the additional information. If you have any questions, please call.

Sincerely,

Joseph C. Helfrich  
Permit Supervisor
