RE: Draft Copy of Cross-Sections Reclamation Topography Map, Canyon Fuel Company, LLC, Skyline Mine, ACT/007/005-MT99

Dear Daron:

*Inaming*

I thought I would forward these draft cross-sections and reclamation topography map to you so that you could see we really area working on the highwall and cutslope issue. These are drafts and there is some fixing to be done. However, you may notice that we were successful in backfilling the highwalls and cutslopes without significantly over steepening the fill. Blackhawk has the what we hope are our final comments and we will endeavor to submit the proper permit modification by the 17<sup>th</sup>. Please share these drawings with Mike Suflita.

Just so we do not embarrass ourselves again, this is **not** an official submittal, just a friendly offering to let you know we're not shining you on!

Sincerely:

*Chris*

Chris D. Hansen
