RE: Winter (First Quarter) 2000 Water Monitoring Report for the Skyline Mines

Dear Mr. Haddock:

As required by the Skyline Mines Mining and Reclamation Plan, the results of the 2000 Winter (First Quarter) water monitoring efforts are hereby reported. No new sites have been identified nor have any monitoring sites been discontinued. None of the regular monitoring sites were accessible due to snow cover. If you have questions regarding this report, please contact either Gary Taylor at (435) 448-2620 or me at (435) 448-2669.

Sincerely,
