Re: 2nd Extension Granted - Midterm Deficiency Response, Canyon Fuel Company, LLC,
Skyline Mine, ACT/007/005-MT99, Outgoing File

Dear Mr. Hansen:

Pursuant to your written request dated June 27, 2000, a 2nd extension is granted until July 25, 2000 for the deficiency response for the midterm review. This extension should allow you time to acquire the needed stability program and complete the required slope analysis. We are anxious to complete this permitting action, especially since it involves the highwall elimination issue which has been an OSM/DOGM evaluation topic. Please make every effort to complete the Midterm requirements by the July 25th date.

If you have any questions, please call me.

Sincerely,

A handwritten signature in black ink that reads "Daron R. Haddock".
