EX02E*

Dear Ms. Grubaugh-Littig:

Ark Land Company has submitted an exploration plan on behalf of Skyline Mines for drilling four coal exploration holes. One exploration drill hole would be core drilled on Federal coal lease U-0147570 and three drill holes would be core drilled on UTU-67939. With the exception of a short distance of road use on private land, exploration activities would occur on U.S. Forest Service, Manti-LaSal National Forest. Please review this exploration plan (one copy enclosed) and provide any recommended conditions of approval to this office.

If you have any questions regarding this matter, contact Don Stephens at the Price Field Office (435-636-3608).

Sincerely,

*Thomas E. Rasmussen*

Thomas E. Rasmussen
