RE: Extension Request for the James Canyon Road and Wells Amendment TA Response for the Canyon Fuel Company, LLC Skyline Mine, C/007/005.

Dear Ms. Grubaugh-Littig:

Canyon Fuel Company, LLC Skyline Mine respectfully requests the Utah Division of Oil, Gas and Mining grant an extension to the deadline for the mine to respond to the Division's TA of the James Canyon Road and Wells Amendment. Several items that have direct bearing on the amendment were attached to the mine's 5-year permit renewal. Since they are intimately related, the mine is attempting to address as many issues as possible in a single submittal. The mine would appreciate a new deadline of July 26, 2002 for the amendment and items to be implemented as required by the permit renewal. We have been working with your staff to create appropriate responses to the 5-year permit renewal requirements and are making good progress. If this is not acceptable or you have any questions, please give me a call at (435) 448-2669.

Sincerely:

Chris D. Hansen
