RE: Drawing Files Prepared by Skyline Mine the North Lease Permit Modification for the Skyline Mine, Canyon Fuel Company, LLC, Permit # C/007/005.

Dear Ms. Grubaugh-Littig:

On September 30, 2002, I delivered to the Division a CD titled "Diskfile1, 9-30-2002" containing several AutoCAD version 14 drawing files, several generated using a USGS 71/2 minute topographic base. Several of the files on the CD were outdated and are not the most recent versions used to prepare the September 4 submittal. The files that are not germane to this submittal are:

- Plate 1-6-3-1north.dwg
- Plate 1-6-2.dwg
- Plate 2-7-1-1b.dwg
- Plate2-7-1-1aR.dwg
- Plate2-3-5-2-1REV.dwg
- Plate2-3-5-1-1.dwg
- Plate2-12-1-1.dwg
- Plate 1-6-1.dwg.

Most of the above listed drawing files were updated and included on the EarthFax CD delivered on the same day. If you have any questions regarding this CD, please give me call at (435) 448-2669.

Sincerely,

Chris D. Hansen
Environmental Coordinator
