RE: Additional Responses to the Division's Technical Analysis, North Lease Extension, November 20, 2002, Skyline Mine, Canyon Fuel Company, LLC, Permit # C/007/005-SR02I, Outgoing File.

Dear Ms. Grubaugh-Littig:

Please find enclosed with this letter a few additional minor modifications to the text of the Skyline M&RP. Some of these changes are in response to comments made by members of your staff and others are due to recent modification to the mine plan. Changes to the mine plan are the result of agreements that were reached between the BLM and Skyline Mine regarding mining of the coal in the North Lease area. Included are seven clean copies of the text and four redline/strike through copies of the modified text. Only six copies of the updated drawings have been included since a set of the modified drawings were forwarded directly to the Manti La Sal National Forest office in Price as you requested. If you have any questions, please give me call at (435) 448-2669.

Sincerely,

Chris D. Hansen
 Environmental Coordinator
