Re: Eccles Creek Macro-Invertebrate Studies Compilation Report, Canyon Fuel Company, LLC, Skyline Mine, C/007/005

Dear Pam:

As per Permit Stipulation #4, I delivered to the Division on August 27, 2002 a copy of a report prepared by Dr. Dennis K. Shiozawa that included the compilation and analysis of available Eccles Creek macro-invertebrate data. Dr. Shiozawa is currently employed as a Professor at Brigham Young University, Provo, Utah where he teaches and performs research in the field of fisheries biology. The report was prepared under a contract between Dr. Shiozawa and Mt. Nebo Scientific.

If you have any questions regarding the report, please give me a call or you can call Dr. Shiozawa at (801) 422-4972.

Sincerely,

Chris D. Hansen  
Environmental Coordinator
