Chris,

As I mentioned yesterday, we need some information in an electronic format to speed up our assessment of the CHIA for the Winter Quarters tract.

The following maps are needed in an AutoCAD format:

- Monitoring Point Locations
- Mine Works Maps, Including Flat Canyon
- Lease and Permit Areas
- Surface and Mineral Ownership
- Wells
- Water Rights
- Disturbed Area
- Faults, Dikes, Other Mapped Geological Anomalies

It would also be helpful to have any borehole data you may have in a spreadsheet or other electronic format.

Let me know if you have any questions.

Thanks,

Dana Dean, P.E.
