Subject: Database Sites

Chris,

This is a follow-up to Mike Suflita's phone call with you today. As he mentioned, you will be expected to enter all of the baseline data for the North Lease into the Database, in addition to your regular data submittals. To make that possible, I have added the new sites to the database and a new site listing is attached. I can also add descriptions to the sites if you let me know what you want it to say, but that is up to you.

Please let me know if I have left anything out, or if you have any questions.

Thanks,

Dana Dean, P.E.
