RE: EarthFax Engineering Inc. Evaluation of Mine Water Discharge Impacts in
Eccles Creek and Mud Creek, December 2002, Canyon Fuel Company, LLC
Skyline Mine Permit, C/007/005.

Dear Ms. Grubaugh-Littig:

As required by our current permit conditions at Skyline Mine, I am submitting to the Division a copy of the EarthFax Engineering (EarthFax) report titled "Evaluation of Mine-Water Discharge Impacts in Eccles Creek and Mud Creek, December 2002". I received this report in my office last week. The report was completed by EarthFax after receiving the 2002 fourth quarter water monitoring data from Skyline in February 2003. I intend to submit copies of this report with the Skyline Mine 2002 Annual report.

If you have any questions regarding this report, please give me call at (435) 448-2669.

Sincerely:

Chris D. Hansen
Environmental Coordinator
