RE: Corrections to the Modification to the M&RP to Include the JC-3 Well  
 Technical Data, Canyon Fuel Company, LLC, Skyline Mine, C/007/005

Dear Ms Grubaugh-Littig:

I am submitting some changes to the text and drawings I submitted on Monday as part of a modification to include the JC-3 well technical data. These changes were made after lengthy and productive discussions with Mr. Greg Galecki of your staff. This submittal includes a completed C2 form, four redline/strikethrough copies of modified text, and seven clean copies of text. I have sent a copy of the corrected modifications to Steven Demczak of the PFO.

I regret to inform you that I will not be submitting additional "medications" later this week. I have consumed them all. I feel much better now. Please extend my apologies for my selfishness to those members of your staff that were looking forward to ending the week in much higher than normal spirits. If you have any questions, please call me at (435) 448-2669. We appreciate your help in this matter.

Sincerely,

Chris D. Hansen  
 Environmental Coordinator
