Dear Ms. Himmelbauer:

Subject: James Canyon Well Discharge Permit No. UT0025534  
Extension of Public Comment Period

Per our conversations this week, we understand EPA needs additional time to review the water quality data associated with issuance of this permit and also discuss it with State and EPA staff before making final comments on this proposed permit.

Accordingly, we are holding the public comment period open through April 21, 2003 and look forward to EPA's concurrence on this proposed discharge permit.

Sincerely,

Don A. Ostler, P. E., Director  
Division of Water Quality
