RE: Corrections to the Modification to the M&RP to Include the JC-3 Well
Technical Data, Canyon Fuel Company, LLC, Skyline Mine, C/007/005

Dear Ms. Grubaugh-Littig:

I am submitting the enclosed binders that contain modifications to the M&RP to include the JC-3 well in the PHC. These modifications have been made in response to Division Order DO03B. This submittal includes completed C1 and C2 forms, four redline/strikethrough copies of the modified text, and seven clean copies of modified text and drawings. I have sent a copy of the modifications to Steven Demczak of the PFO.

At this time, Skyline Mine would like to withdraw its submittal made on February 17, 2003 titled "Modification to include the JC-3 Well". The information submitted and modified as part of the February 17 submittal is contained and superceded by the modifications in this submittal and our submittals on March 31, 2003 and April 4, 2003.

When reviewing the redline-strikethrough copies of the text, please disregard the page numbers since they are not accurate representations of the pages being modified. The presence of the strikethrough text alters the correct pagination.

If you have any questions regarding this submittal, please call me at (435) 448-2669. We appreciate your help in this matter.

Sincerely,

Chris D. Hansen
