Dear Ms. Himmelbauer:

Subject: James Canyon Well Discharge Permit No. UT0025534
Further Extension of Public Comment Period

Per our conversations and your email request, we hereby extend the public comment period for the subject permit through May 5, 2003. This time is warranted because Utah has not been able to get our amended water quality based proposed permit limits and other information to you for review per our joint conversational agreements.

Accordingly, we are extending the public comment period from April 21, 2003 through May 5, 2003 and look forward to EPA's concurrence on this proposed discharge permit.

Sincerely,

Don A. Ostler, P. E., Director
Division of Water Quality
