RE: 2002 Annual Report for Canyon Fuel Company, Skyline Mine, C/007/005

Dear Ms. Grubaugh-Littig:

Please find enclosed with this letter two copies each of the Skyline Mine 2002 Annual Report. The information contained within the report is, to the best of our knowledge, current and correct. The mine is still waiting on Dr. Dennis Shiozawa's macro invertebrate studies for the fall of 2002 in the Burnout, James and Eccles Creeks. Apparently about a month and half ago he had a data base disaster and he has had to recreate the database before he can finish our reports. As soon as they are completed, Skyline will forward two copies to be included in the 2002 Annual Report. We appreciate your patience in this matter.

If you have any questions regarding the 2002 Annual Report, please let me know.

Sincerely:

Chris D. Hansen
