**Re: Huntington Plant – James Canyon Well System UPDES Permit #UT0025534  
DMR for July 2004**

Dear: Mr. Herkimer:

In accordance with the James Canyon Well System UPDES permit (#UT0025534) Section II.D. Reporting of Monitoring Results, PacifiCorp is hereby submitting a Daily Monitoring Report (DMR) for the period July 1, 2004, to July 31, 2004.

This DMR is being submitted with the following certification:

*I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.*

Due to laboratory equipment malfunction, no values were received in July for Zinc, Selenium or Nitrate/Nitrite. These are elements we voluntarily report but no permit limit applies. They will be reported next month. If you have any questions and/or need any additional information, please contact Cody Allred at (435) 687-4306 or Dave Sharp at (435) 687-4211.

Sincerely,

A handwritten signature in cursive script that reads "Dave Sharp".
