Subject: Issuance of UPDES Permit No. UT0023540

Dear Mr. Hansen:

Enclosed is the signed UPDES permit No. UT0023540 for your facility. Copies of EPA form 3320-1, Discharge Monitoring Report (DMR) forms, for reporting and self-monitoring requirements as specified in the permit, will be sent as soon as printed and are to include the additional testing of total phosphorous. This permit will become effective on December 1, 2004, subject to the right to challenge this decision in accordance with the provisions of *Utah Administrative Code*, Section R317-9.

A fee schedule was included in the Utah Department of Environmental Quality Budget appropriation request at the direction of the Legislature and in accordance with *Utah Code Annotated* 19-1-201. The fee schedule, as approved by the Legislature, includes a prescribed fee for specific Industrial Categories. The prescribed fee for a UPDES Individual Minor Permit, Coal Mining and Preparation category is \$3,600.00, for which an invoice has been prepared and attached to this letter. Therefore please remit the full amount within 30 days from receipt of this letter to:

Also, as the state agency charged with the administration of issuing UPDES permits and associated modifications, we are continuously looking for ways to improve our quality of service to you. In effort to improve the State UPDES permitting process we are asking for your input. Since our customer permittee base is limited, your input is important. Please take a few moments to complete the enclosed questionnaire and return it in the postage paid, self-addressed return envelope. The results will be used to improve our quality and responsiveness to our permittees and give us feedback on customer satisfaction. We will address the issues you have identified on an ongoing basis.

If you have any questions, please contact Jeff Studenka at (801) 538-6779 or by e-mail at [jstudenka@utah.gov](mailto:jstudenka@utah.gov).

Sincerely,

Mike Herkimer, Manager
