Subject: Skyline Mine 3rd Quarter 2004

Pam:

I have uploaded Skyline Mine's 3rd Quarter 2004 water monitoring data to the EDI. I believe the only data missing from the 3rd quarter is the tritium value for JC-1. The lab is still working on the sample and the results should be ready in the first two weeks of January. As soon as the results are available, they will be uploaded to the EDI.

Have a Happy New Year!

Thanks,
Chris
