RE: Request for Extension of North Lease Subsidence Technical Analysis
Response, Canyon Fuel Company, Skyline Mine, C/007/005, Task ID #1976

Dear Mr. Hedberg:

Skyline Mine respectfully request the Utah Division of Oil, Gas, and Mining Coal Regulatory Program grant an extension of four (4) weeks to the March 25, 2005, deadline for responses to deficiencies found in the latest permit modification referenced above. While the deficiencies themselves are not difficult to address, our vegetation specialist is working with the Division outlining specific responses and recent mine plan layout modifications have delayed printing of relevant maps. These modifications are necessary for us to satisfactorily complete our response to the TA.

Thank you for your consideration of this matter. If you have any questions, please give me a call at (435) 448-2636.

Sincerely,

Gregg A. Galecki
Environmental Coordinator
