RE: 2004 Annual Report for Canyon Fuel Company, Skyline Mine, C/007/005

Dear Ms. Grubaugh-Littig:

Please find enclosed with this letter two copies each of the Skyline Mine 2004 Annual Report. The information contained within the report is, to the best our knowledge, current and correct. The mine is still waiting on Dr. Dennis Shiozawa's macro invertebrate studies for the fall of 2003 in both Burnout and James Creeks and the 2004 studies for Burnout, James and Eccles Creeks. The 2004 results from the required fish studies in James and Burnout Creeks is still pending. Earlier, the Utah Division of Fish and Game requested the mine not perform the electro-shock survey of the fish two consecutive years. They were concerned about mortality rates due to the survey.

If you have any questions regarding the 2004 Annual Report, please call me at (435) 448-2636.

Sincerely:

Gregg A. Galecki
