Re: Clarification Map - Administrative Completeness for North Lease Full Extraction, Canyon Fuel Company, LLC, Skyline Mine, C/007/0005, Task #1976, Outgoing File

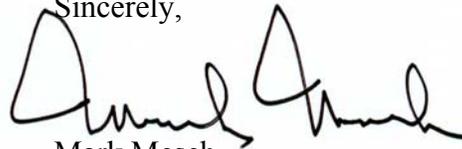

Dear «SALUTATION»:

During the Water Users meeting held on January 19, 2005 in Castle Dale, it was noted that the map was unclear in the original agency notification sent on November 5, 2004 for the administrative completeness for the North Lease Full Extraction at Skyline Mine. I have attached a map to clarify the area included in this permitting action.

Development mining for the North Lease was approved in December 2002 and this lease area is currently in the approved permit area for Skyline Mine. This permitting action is for full extraction mining within the North Lease.

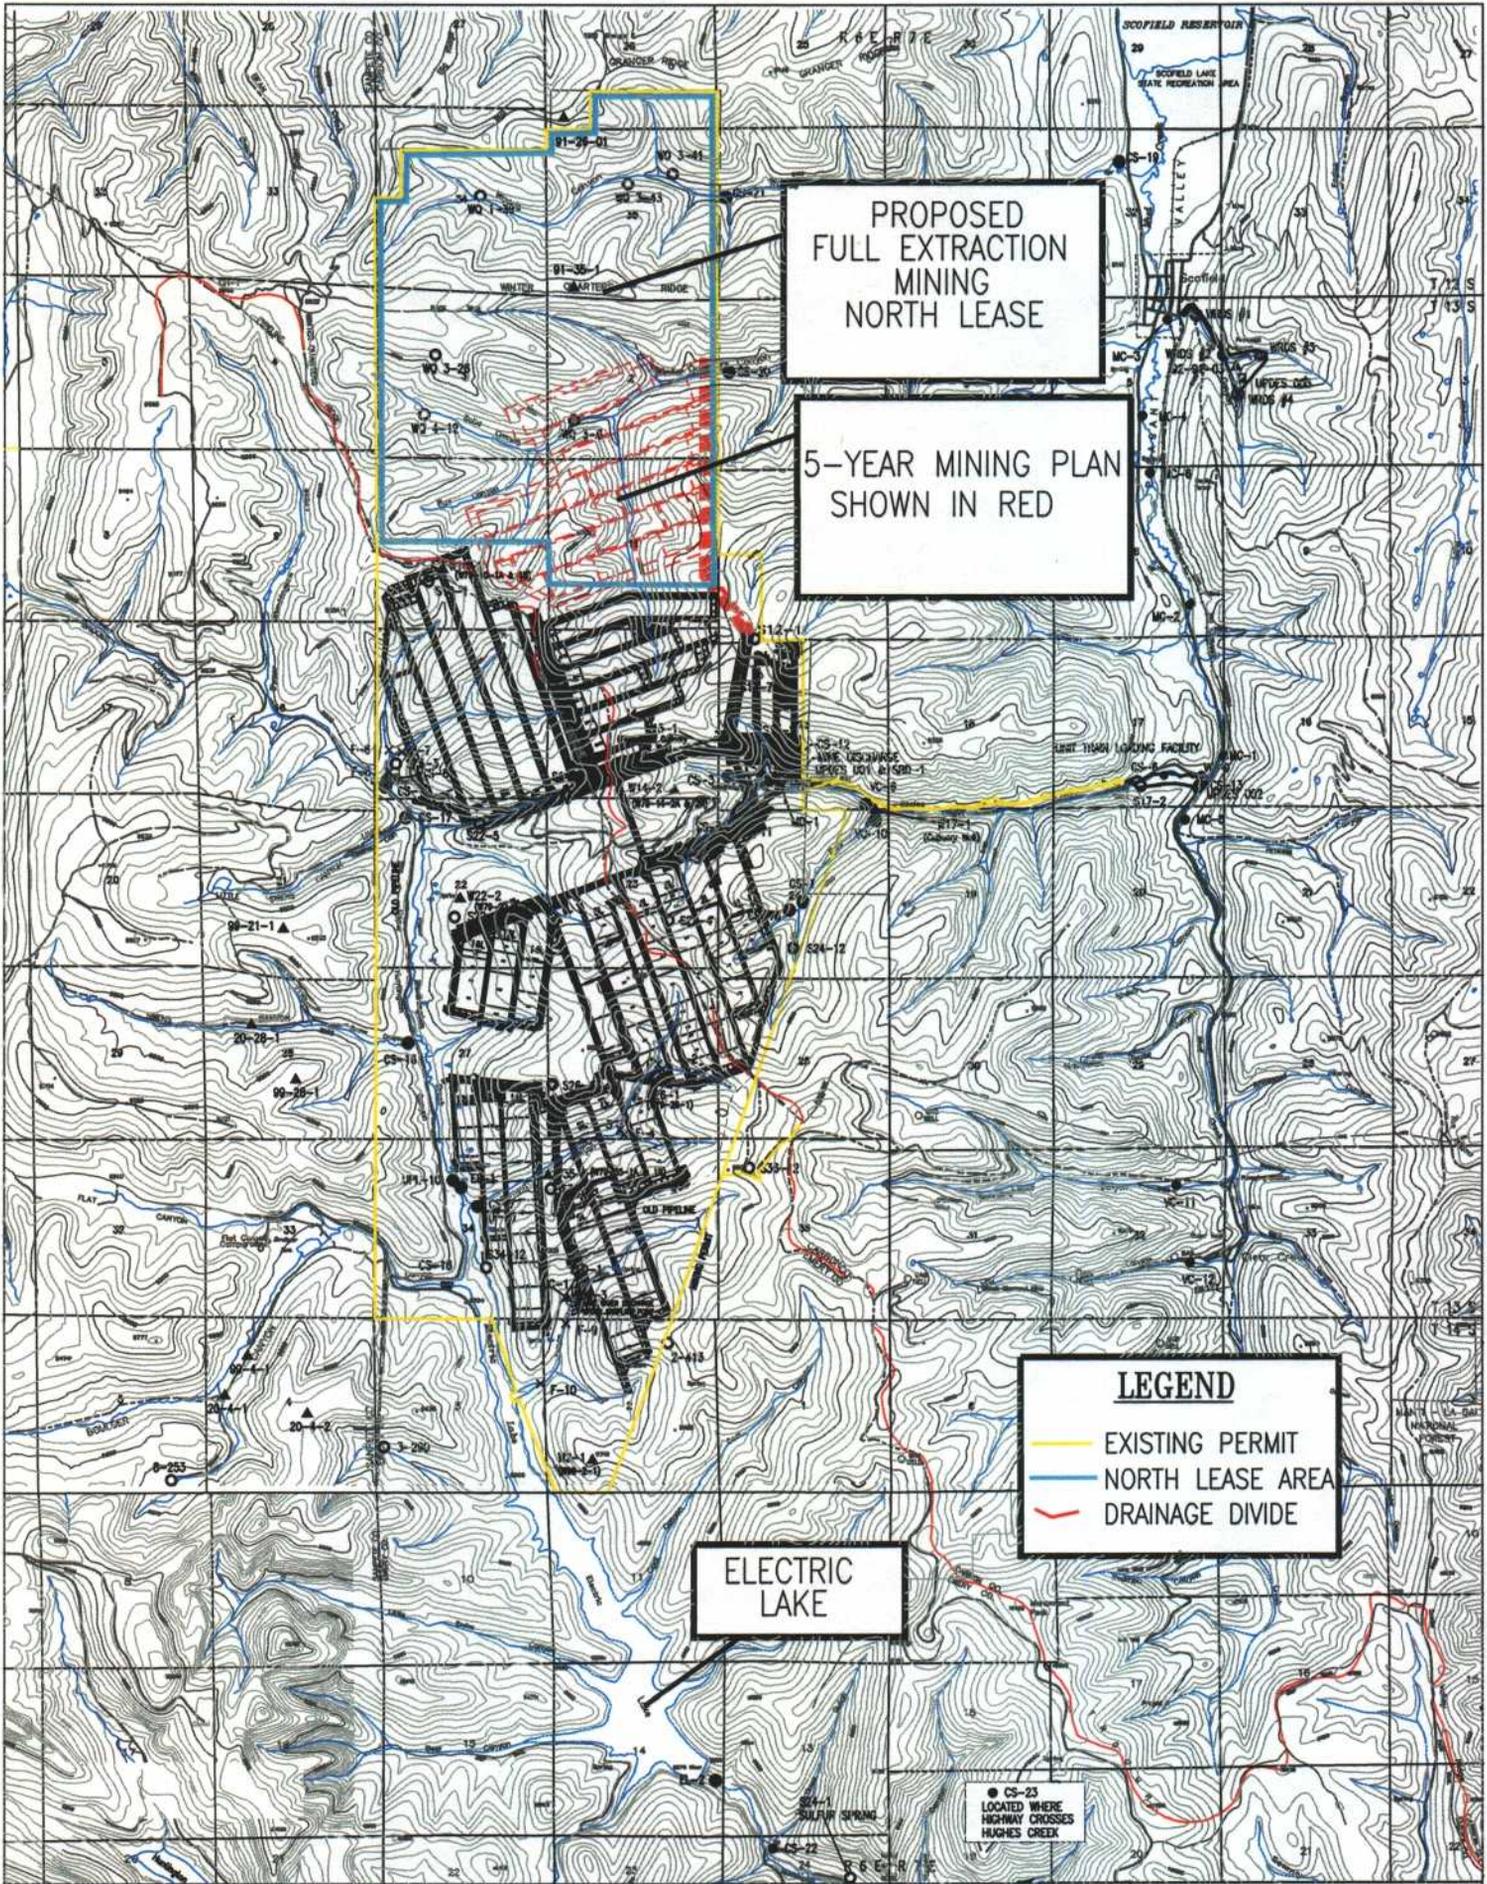

If you have any questions, please call me at (801) 538-5349 or Pamela Grubaugh-Littig at (801) 538-5268.

Sincerely,
