Subject: South Fork Eccles

Hello Dale and Tom,

Pam told me this a.m. that during the Interagency Conference call, it was decided that a representative from the USFS and from the Division would be present at the pre-bid mtg rather than have another site visit on the 30th. However, I spoke with Gregg and he has already held the pre-bid mtg (June 22) and the bid will be awarded on the 30th.

Gregg Galecki's email dated June 24 outlines the work. Please get your comments (if any) to me by the 29th so I can relay them to Canyon Fuels by the 30th of June. According to Gregg, changes can be made with the contractor at the time of bid award.

The earliest the work will be done is the week of July 18. When I know a firm date, I will let you know so that you can schedule someone (Mike Smith?) to be there. The Division will also have one representative there.

Thanks,
Priscilla.
