Subject: RE: 3rd Quarter Water Monitoring

Gregg,

I have uploaded all of the samples you sent, I am not sure what happened to S23-4 and EL-2, I recall seeing EL-2 in the pipeline.

Your samples are now all in, but you seem to be missing Air Temperature for the 6/29 sample at S13-7, and the 6/22 sample at WQ1-39.

Thank you very much and Merry Christmas.

Dana,

All the samples you listed have been input (with no errors) and are ready to be uploaded into the database.

FYI - 1) my notes indicate that I had double-checked both S23-4 and EL-2 as being input prior to my original submittal;
2) Spring S24-1 asked for both DO and Turb, but accepted them as warnings (not errors) when I listed the comment as: "Not a required parameter".

Have a Really Happy Holiday!

Gregg

Gregg,

I have fixed the errors you mentioned in your other e-mail, and uploaded all of the information for Skyline from the pipeline into the database. A report is attached.

As a reminder, according to parameters set by the assigned hydrologist, you are still missing the following samples:

S23-4 Quarterly
UT0023540-002 Jul, Aug, Sep
UT0023540-003 Jul, Aug, Sep
F-9 Jul, Aug flow
F-10 Jul, Aug flow
JC-1 Jul, Sep Flows

ELD-1 Sep
SRD-1 Sep
JC-3 Jul, Aug
S24-1 Quarterly
EL-2 Quarterly

Please let me know if you have any questions.

Thank you,

Dana Dean, P.E.

Pam,

I have uploaded my electronic water monitoring files into the Division 'pipeline'. Samples are ready for the database.

Dana - there are a few errors which I will discuss with you in a separate email.

Happy Holidays,
Gregg
