Subject: Mine and Well Discharge Spreadsheet

Pam,

As required in our permit, attached is the updated Mine and Well Discharge spreadsheet with information updated through December 2005. There was a delay in sending the information due to a lack of communication between the Mine site and the JC-1 datalogger. You may note that the Daily discharge data for JC-1 does not have the usual variability. Discharge data for JC-1 for the month of December comes directly from Pacificorp (Cody Allred). The data recieved from Pacificorp provided a daily average discharge in cfs - ultimately providing adquate information.

Re-establishing communication with the JC-1 datalogger is in progress.

Let me know if you have any questions,
Gregg
