RE: Modification to Water Monitoring Tables, Canyon Fuel Company, LLC, Skyline Mine,
C/007/005,

Dear Ms. Grubaugh-Littig:

As discussed earlier today by telephone with Chris Hansen of Arch Western Bituminous Group, Skyline Mine would like to withdraw the submittals made in the past several weeks to modify the mine's M&RP Water Monitoring Tables. These submittals were made under letters dated March 23, April 12, and April 20, 2006. An earlier submittal made under a letter dated April 4, 2006 had already been returned as unacceptable by the Division. Chris Hansen and I are planning to meet with Dana Dean of your staff early next week to discuss corrections to the table as well as reformatting the table to simplify the entire water monitoring process at Skyline.

We appreciate your help in this matter and look forward to putting this matter behind us. If you have any questions, please call me at (435) 448-2636.

Sincerely,

Gregg A. Galecki
