RE: Request for Extension of Table of Contents modifications Technical Analysis Response,  
Canyon Fuel Company, Skyline Mine, C/007/005, Task ID #2417

Dear Ms Grubaugh-Littig:

Skyline Mine respectfully request the Utah Division of Oil, Gas, and Mining Coal Regulatory Program grant an extension of two (2) weeks to the August 17, 2006, deadline for responses to deficiencies found in the latest permit modification referenced above. While the deficiencies themselves are not difficult to address, other permitting issues have made scheduling difficult. An extension would provide sufficient time to address the deficiencies adequately.

Thank you for your consideration of this matter. If you have any questions, please give me a call at (435) 448-2636.

Sincerely,

A handwritten signature in cursive that reads 'Gregg A. Galecki'.
