Dana,

Attached is a Word doc that either says I added them to the database or explains why there is no data for missing samples from 2nd qtr Skyline. The comments in red have not been submitted to the database. One in particular, VC-10 2nd qtr, is being weird every time I try to submit it. It thinks I am resubmitting the 1st qtr sample. Please feel free to call or email Gregg or me for any questions.
