RE: Canyon Fuel Company, LLC "Skyline" Mine - Application for a Permit Revision,
Macroinvertebrate Table and Reports, Task ID No. 2853

Dear Sir or Madam:

This is in response to the Utah Division of Oil, Gas & Mining's (UT-DOGM) September 20, 2007, request for a decision, under 30 CFR 944.30, whether the above subject permit revision constitutes a mining plan modification.

Mining plan approvals by the Secretary of the Interior are required under the Mineral Leasing Act of 1920, 30 U.S.C. 181, *et seq.* before coal mining can occur on Federal lands. This letter serves to document OSM's determination whether or not a mining plan approval from the Secretary is required for the above permitting action.

OSM's review of the Application for a Permit Revision, Macroinvertebrate Table and Reports, has determined that it proposed to add a macroinvertebrate sampling table and reports to the approved permit application package for the Skyline mine, Utah State permit C/007/0005.

Based on a review of the activities associated with the permit revision, OSM has determined that the proposal does not meet the requirements of 30 CFR 746.18(d). Therefore, the proposed permit revision does not constitute a mining plan action requiring Secretarial approval.

OSM's decision was based solely upon the Federal regulations under 30 CFR PART 746 and not the technical aspects of the revision application itself. Consequently, OSM's decision does not relieve UT-DOGM from coordinating the review and approval of the Application for a Permit Revision, Macroinvertebrate Table and Reports, with other Federal agencies for compliance with other Federal regulations.

OSM also electronically transmitted the September 20, 2007, request to the Bureau of Land Management and the U.S. Forest Service for their review and comment.

TAKE PRIDE[®]

RECEIVED

OCT 25 2007

DIV. OF OIL, GAS & MINING

In an electronic submittal dated September 24, 2007, the U.S. Forest Service stated in its opinion the permit revision did not constitute a mining plan action requiring Secretarial approval.

The Bureau of Land Management did not provide any comments in the thirty day time frame established by the Federal regulations under 30 CFR 944.30, Article VI. D.

Please notify the applicant of our decision on this matter.

Should you have any questions regarding this letter or approval, please contact Carl R. Johnston, Utah Federal Lands coordinator, at (303) 844-1400, extension 1500.

Sincerely,

Ranvir Singh
