Greg,

Thank you for notifying us of the problem. Dana indicates next week should be OK.

Dana,

I just realized I haven't notified you that I have been unable to update the Monthly spreadsheet of Mine and Well Discharges. I have JC-1, but only 1/2 of the Mine discharge due to communication problems with the datalogger. We have been working on it, think we have the problem identified, and have a part ordered. Hopefully I can have the file updated by the end of the week.
