Subject: Rejection of Waste Rock Road Snow Removal Plan. Task ID #3087, Canyon Fuel Co., LLC., Skyline Mine, C/007/0005

Dear Mr. Sorenson:

The Division received your application for the above-noted permit change on November 24, 2008. Pursuant to R645-303-221, the Division completed the requisite 15-day Initial Completeness Review (ICR) and denies this application for a technical review. This application is not complete, because it does not meet the current, clear and concise requirements of R645-301-121.100 and R645-301-121.200. The application includes page 3-56(b) which is a statement signed by former employees Keith Zobell and Stan Christensen dated 1996, which provides outdated information on the location of snow storage. This page should be replaced with a description of the three snow storage locations described in the cover letter (SW14, SW19 and the northeast corner of the waste rock site).

If you have any questions, please call Priscilla Burton at (435) 613-3733 for further details.

Sincerely,

James D. Smith  
Permit Supervisor
