Subject: 3rd Qtr 2009 water sampling

Jim,

The 3rd quarter water monitoring data for Skyline Mine is in the Pipeline and ready to be uploaded to the Database. To our knowledge, the only missing data are the following; Tritium/Carbon14/Deuterium etc. samples (these will be added as soon as the lab analysis is received). Also, CS-11 has a sample date 9/29/09 where we only collected Oil and Grease as per the new water monitoring requirements, this is giving an error because the other parameters are not included. The other parameters are included on the sample dated 9/10/09.

Let me know if you have any questions,

Austin R. Belcher
Environmental Engineer
Canyon Fuel Company, LLC
Skyline Mine
(435)448-2668
