Suzanne,  
I have reviewed the information provided and find that it is complete for technical review. A biologist and a hydrologist should be assigned to review this application to reduce water monitoring sites in mined out areas along perennial streams and riparian areas.  
Priscilla.

Hello Priscilla,

We received the above-mentioned task on 7/22/09. The IR is due on 8/6/09.

Please email me, cc to Jim and Daron, when the IR is complete. At that time, I will send an email notification to the operator and Jim will assign a team to review.

The Operator indicated that a copy had been delivered to PFO.

Thanks!  
Suzanne
