---

Jim,

The 2<sup>nd</sup> quarter water monitoring data for Skyline Mine is in the Pipeline and ready to be uploaded to the Database. To our knowledge, all data has been provided with the exception of one error that needs to be worked out. The sample labeled WQ3-41 is giving an error of 'Method ID not valid' for Anions and Cations, I have verified the values but am unable to clear the error.

Let me know if you have any questions,

**Austin R. Belcher**  
Environmental Engineer  
Canyon Fuel Company, LLC  
Skyline Mine  
(435)448-2668
