RE: Copies of Certified Letters – Notice to Mine in the North of Graben – Incidental Boundary Change, Canyon Fuel Company, Skyline Mine, C/007/005, Task ID #3727

Dear Mr. Haddock:

Included with this letter are copies of letters sent to the landowner and water user in the North Lease area to notify them of future mining, per State regulation R645-301-525.700. Letters were sent to the Allred Family Trust and the Price River Water Users Association to address new mining associated with the North of Graben IBC. All others were notified in 2005 and 2007.

If you have any questions, please give me a call at (435) 448-2636.

Sincerely,

Gregg A. Galecki  
Environmental Engineer  
Canyon Fuel Company, LLC

RE: Canyon Fuel Company, LLC, Skyline Mine, Continued Mining in portions of Section 36,  
Township 12S Range 6 East, SLB&M.

To Whom It May Concern::

As required by State mining regulations (R645-301-525.700), Canyon Fuel Company, LLC (CFC) Skyline Mine is notifying you of the mine's plan to expand its mining in portions of the W1/2 and the NW1/4NE1/4 of Section 36, Township 12 South, Range 6 East, SLB&M. The area will include both development and longwall mining. This is an extension of the mining that you were notified of in November 2007. CFC currently holds the coal leases in this area and will be developing main entries as access to additional coal resources north of Winter Quarters Canyon. Mining is ongoing, projected to enter new areas of Section 36 in August 2011 with longwall mining commencing in Fall 2012. No surface disturbance will occur as the result of the mining in any of the areas identified in Section 36. Subsidence may occur in some of the area identified in Section 36 with future longwall mining. No surface or ground water is expected to be interrupted or diminished as a result of the mining activity. Copies of the mine plan and the subsidence control plan may be examined at the Division of Oil, Gas, and Mining offices in Salt Lake City or Price, Utah.

If you have any questions regarding this letter or would like to discuss future mining plans for the above referenced sections, please call Gregg Galecki at (435) 448-2636 or me at (435) 488-2619.

Sincerely,

Wess Sorensen

RE: Canyon Fuel Company, LLC, Skyline Mine, Continued Mining in portions of Section 36,  
Township 12S Range 6 East, SLB&M.

Dear Mr. Allred:

As required by State mining regulations (R645-301-525.700), Canyon Fuel Company, LLC (CFC) Skyline Mine is notifying you of the mine's plan to expand its mining in portions of the W1/2 and the NW1/4NE1/4 of Section 36, Township 12 South, Range 6 East, SLB&M. The area will encompass approximately 320 acres of both development and longwall mining, with the area located on your property being expanded to a total of approximately 574 acres. This is an extension of the mining that you were notified of in November 2007. CFC currently holds the coal leases in this area and will be developing main entries as access to additional coal resources north of Winter Quarters Canyon. Mining is ongoing, projected to enter new areas of Section 36 in August 2011, with longwall mining commencing in Fall 2012. No surface disturbance will occur as the result of the mining in any of the areas identified in Section 36. Subsidence may occur in some of the area identified in Section 36 with future longwall mining. No surface or ground water is expected to be interrupted or diminished as a result of the mining activity. Copies of the mine plan and subsidence control plan may be examined at the Division of Oil, Gas, and Mining offices in Salt Lake City or Price, Utah.

If you have any questions regarding this letter or would like to discuss future mining plans for the above referenced sections, please call Gregg Galecki at (435) 448-2636 or me at (435) 488-2619.

Sincerely,

Wess Sorensen
