Subject: 0070005 Skyline Task 3934 Winter Quarters As Built

Hello Gregg,

Paragraph 2 of the cover letter provided with this application describes as built modifications to Plate 2.3.4-3A. However, I did not find that plate with the electronic submittal. Please advise.

Also, would you or someone else be available on Thursday, Jan 12, to meet us at Winter Quarters, 10 am?
