Re: Approval of Minor Coal Exploration Plan, Skyline Mine U-0147570 and UTU-67939,  
Carbon County, Utah

Dear Mr. Jensen:

On November 29, 2013, the Bureau of Land Management (BLM) received a plan to conduct coal exploration for the Skyline Mine from Canyon Fuel Company, LLC, a subsidiary of Bowie Resource Holdings, LLC. The proposed plan is to drill four exploration holes on their existing leases located on Granger Ridge and Little Swens Canyon that would further evaluate the coal reserves in this area. Primary access to the exploration sites will be by Forest System roads.

Required cultural and wildlife surveys have been performed. The Manti-La Sal National Forest concurred with the proposed exploration plan on June 4, 2014.

The BLM approves the requested exploration plan for U-0147570 and UTU-67939 subject to the terms and conditions of the lease and the special stipulations attached.

The existing production bond is sufficient; no other bonding is required.

This decision may be appealed to the Interior Board of Lands Appeals, Office of the Secretary, in accordance with the regulations contained in 43 CFR Part 4, and the enclosed Form 1842-1. If an appeal is taken, your notice of appeal must be filed in this office (at the above address) within 30 days from the receipt of this decision. The appellant has the burden of showing that the decision is in error.

If you have any questions regarding this matter, please contact Sue Wiler at (435) 636-3651 or Steve Rigby at (435) 636-3604.

Sincerely,
