Dear Daron,

The Skyline Mine has requested assurance that they will not be accountable for the use, maintenance and reclamation of a segment of road located on the lease U-020305 (see attached map). This segment of road is currently reclaimed, but will be re-opened by Timberline Wood Products for harvesting operations on the Forest. Timberline Wood Products will assume responsibility for use, maintenance and reclamation of that segment of road under the requirements of the timber sale contract. Skyline Mine will not be responsible for timber sale operations in the area of the road segment. If you have any questions or concerns, please contact Jeff Salow at 435-636-3596 or [jsalow@fs.fed.us](mailto:jsalow@fs.fed.us).

Sincerely,
